Westlake's Solana Club gets an upgrade

BY NICHOLAS SAKELARIS
Special to Star-Telegram

WESTLAKE — The 25-year-old Solana Club has been completely redone with updates and amenities that bring it into the 21st Century. Larry North, founder of Larry North Fitness, which operates the club, called the Solana location the crown jewel of his career.

North invites the public to come to the grand reopening at 5 p.m. Feb. 10 that will feature a ribbon cutting, tours, cocktails and hors d'oeuvres.

The gym update was done as part of the larger \$65 million Solana office park renovation. The new owners, Equity Office Properties, an affiliate of the Blackstone Group LP, bought Solana out of foreclosure in 2014.

North partnered with Equity Office Properties to redo the Solana Club. But the fingerprints are all over the 233-acre Solana as it repaints the buildings in earl instead of the loud red and gold. Also, parking garages are being built to help corporate tenants to Solana.

Some of the vacant office buildings in Solana are being gutted so they're a blank canvas for new tenants.
